VIRGINIA GAMBALE JOINS ACCELOPS ADVISORY BOARD

SANTA CLARA, CALIF. – January 20, 2010 – [AccelOps](#), the integrated datacenter and cloud service management leader, today announced that industry veteran Virginia Gambale has joined AccelOps' Advisory Board. Ms. Gambale is the founder and managing partner of [Azimuth Partners LLC](#). The appointment reflects AccelOps' growth and sizeable market opportunity for datacenter and cloud service management.

"I am very pleased to have Virginia Gambale as an advisory board member as her business insight, global experience and results-oriented leadership will serve to fortify our development and success in this expansive market," said [Imin Lee](#), CEO of AccelOps.

Today, organizations are optimizing IT resources by investing in consolidation, virtualization and hybrid cloud computing options. To move forward with this strategy, IT executives need greater visibility into operations, both on-premise and off-premise, in order to holistically manage the entire infrastructure from a service-delivery perspective. AccelOps solves this problem with its award-winning datacenter and cloud service management software delivered as a virtual appliance or SaaS. This innovative, integrated and automated system paves the way for enterprises to adopt the next generation of IT infrastructure management with enhanced productivity, flexibility and risk reduction.

"AccelOps has the right vision and solution forethought to capitalize on the profound impact that virtualization and cloud computing are having on the datacenter," said Ms. Gambale. "I look forward to working with the AccelOps team and contributing to the company's growth and success."

Ms. Gambale is an investor and technology leader with a long track record in developing growth strategies, business partnerships and orchestrating successful exits for technology and business service companies. She has served on over 20 public and private boards including: JetBlue (NASDAQ-JBLU), Piper Jaffray (NYSE-PJC), Motive (NASDAQ-MOTV),

Workbrain (TSE-WB), Synchronoss Technologies (NASDAQ-SNCR), IQ Financial (Chairman), Knoa, Kurtosys Ltd., and 29West. She has held senior management positions (including CIO) at global corporations including: Merrill Lynch, Marsh & McLennan, Bankers Trust Alex Brown and Deutsche Bank. She was also a partner at DB Strategic Ventures, ABS Ventures and at DB Capital Partners.

About AccelOps, How IT Accelerates Business

AccelOps provides award-winning datacenter and cloud service management software delivered as a virtual appliance or SaaS. The all-in-one solution monitors datacenter, network infrastructure and cloud environments across service, performance, availability, security and change management. The integrated approach aggregates, cross-correlates and manages diverse operational data, both on-premise and in the cloud, to yield end-to-end visibility, efficient root-cause analysis, reduced MTTR, operational efficiency and compliance automation. The Silicon Valley-based company is privately held, venture-backed and led by experienced technology executives who created the popular Cisco MARS security information management appliance.
